

**Hi Neighbor,**

I hope this note finds you well. I live in the neighborhood and wanted to share some information about something important to me—making sure our community is prepared if we encounter ICE enforcement activity here.

Across the country, we've seen an increase in ICE deployments, including in Michigan. When communities are prepared ahead of time and remain calm, it helps keep everyone safer. Having trusted resources on hand ensures that neighbors know their rights and know exactly who to call if something happens. **You can scan the QR code below to access information from a few organizations that I trust:**

A lot of folks aren't aware of how to respond in these situations, so I encourage you to share these materials with your network. When we look out for one another and rely on accurate information, we build a safer community for everyone.

Your Neighbor,
